Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I feel that the raise is unfair. The TracFone company attracts most of it's customers through offering great prices, LOW RATES, friendly service, for an overall low cost cell phone service. I for one feel that the TracFone is a great company, I have had noting but good service with them, however if you raise the price I will quit my service.

Sincerly, One Very Sickened TracFone Customer....Camillia Helms
KEEP THIS FAIR!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Camillia Helms
